Dear Mr Surl

Traffic Speeds in Tibberton Village

I have received a copy of your application form for the provision of equipment relative to combating speeding.

The Parish Council considers that the project they would like to put in place is a minor one which is simply the installation of an operational speed indicator placed within the village. The cost of the project is well beyond the reach of the Council's limited finances.

We wonder if you have any funds left over from your present pot of money whether you could see your way clear to allocate such equipment to try to reduce speeds within our village. I set out below details of a survey carried out by the Police in January and February, this year which shows there is a problem in the village with excessive speeding.

Perhaps you will let me know in due course if any financial help would be available.

Yours sincerely

Chairman.

The following are the results of a speed check through the village of Tibberton between 12.00 on 26/01/2016 and 10.59 on 05/02/2016
